

JUNIOR CONSULTANT (NL/FR/ENG)

We want to reinforce our team with:

A junior sustainability real estate rock star (FR/ENG/NL)!

Do you want to make the building sector more sustainable? Do you want to contribute to large scale building and master planning projects? Do you want to separate the nonsense from the facts?

Your function

- You aid architects, project developers and engineers in designing sustainable buildings and/or with master planning
- You participate in projects related to the building sector where you perform energy, comfort, water, irradiation and material studies (LCC, EPB, daylight simulations, thermal dynamic simulations, LCA, ...)
- You perform sustainability guidance (BREEAM, LCA studies)
- You contribute to the contents of large, multidisciplinary international projects and you independently manage smaller projects from A to Z.

Your profile

- You want to make an impact in the building sector
- You have a **master's** in engineering with specialisation in construction, energy or architecture or equivalent through experience
- You have experience in the design of sustainable buildings
- You have knowledge of EPB, BREEAM, dynamic simulations or other aforementioned fields
- You are prepared to grow your knowledge exponentially over a short period of time and are open to sharing your own experience and expertise with colleagues
- You possess strong organizational skills and take ownership
- You have experience in drafting clear and well-structured reports
- You aim to finish tasks within the set time limit
- You speak **Dutch** or **French** with a good knowledge of Dutch, and a good knowledge of **English** is needed

Our offer

- An interesting and varied job, working on the most prestigious and sustainable projects of Belgium (and abroad)
- A young mindset, but an experienced team
- Possibility to grow within the team
- Sustainable practices and transport: We are in the most trendy coworking office in Belgium: Fosbury and Sons right next to the North station
- A salary that fits your expertise and mindset
