

Summer Job: ESG opportunity for Business or Engineering Students

Are you a student Business Management or Engineering intrigued by the intersection of real estate and sustainability? Want to learn about the latest ESG trends in the building industry?

SuReal is a fast-growing consultancy firm in Brussels, advising companies (private and public) on sustainable buildings and cities. We deliver studies, certification and project guidance in multiple fields such as energy, water, and thermal comfort. We take truly realistic and future-proof actions with one sole aim: contributing to a more sustainable world.

To stay ahead of the curve, SuReal is seeking a motivated business or engineering student to join our team for a summer position (August and/or September) focused on tracking the latest trends in ESG within the building industry.

What you will be doing

- Research and monitor advancements in ESG practices and trends specific to the real estate sector: **voorbeelden?**
- Analyze data and trends in ESG performance to identify opportunities for integrating best practices into our (client's) projects
- *Assist in developing ESG metrics tailored to the real estate industry*
- Support the creation of presentations and reports to communicate findings and recommendations to our team and our stakeholders

What you bring

- Currently pursuing a Master's degree in Business Management, Engineering, Sustainability, or related field
- Strong interest in ESG issues and their relevance to real estate
- Excellent research and analytical skills
- Ability to work independently and as part of a team
- Good communication skills, both written and verbal
- Dutch or French is your mother tongue. You speak and write fluently in English

Benefits:

- Gain valuable hands-on experience in the field of sustainable construction
- Work closely with experienced professionals in the industry. You join a team of purpose-driven people with a focus: having a strong impact on society
- Opportunity to contribute to meaningful projects with real-world impact
- Competitive compensation and located a 5-min-walk from Brussel North train station

SUSTAINABILITY EXPERTS

If you are ready to dive into the exciting world of ESG and contribute to a greener future, apply now by sending your resume and a cover letter outlining your interest and qualifications to bieke.aerts@sural.be.

We look forward to hearing from you!
